

Columbarium Niches

The face of each columbarium has four rows of niches. Each niche is designed to hold up to two urns, and is sealed in polished granite which highlights the bronze marker used for memorialization. An optional bronze vase holder, with removable vase, can also be purchased to place a small floral bouquet.

Maple Glen Columbarium Niches

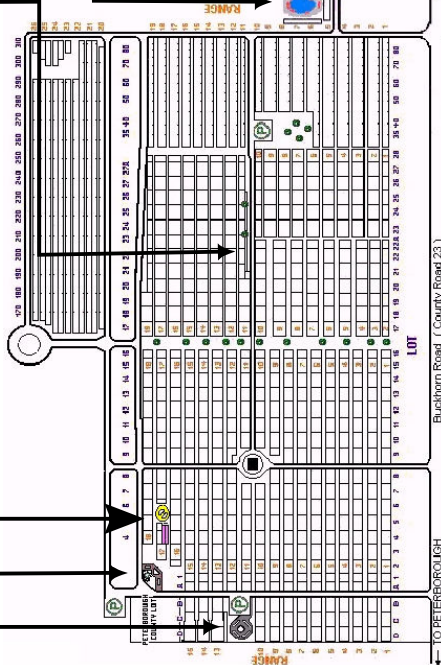

This five structure columbarium feature will be developed over time. The foundations are in place and the center 96 niche columbarium is scheduled for completion June 2011. Each of its six rows will have 8 regular and 8 oversize niches to hold larger urns.
