A HISTORY OF LAKEFIELD CEMETERY

Lakefield Cemetery & Crematorium Inc. founded in 1865, is a not for profit provider of cemetery, cremation and monument services.

In 1865 a group of public spirited citizens wanting a non-denominational burial ground that would meet the needs of the growing community, joined together to purchase 3 acres of property from Thomas and Mary Ray. Management and direction was entrusted to these individuals who without remuneration, formed the first Lakefield Cemetery Board of Trustees that cared for its operation. As these original founding members retired, new members were elected in their place. Over the years the cemetery has grown and enlarged to approximately 25 acres, and a crematorium as established onsite in 2005 to meet the ever changing needs of the community. The cemetery is still overseen today by a volunteer Board of Trustees who oversee the corporation and the Board delegates the day-to-day operations to a professional team of managers and staff.

ABOUT CARE & MAINTENANCE AND OUR FUNDS

The Funeral, Burial and Cremation Services Act, 2002 (FBCSA) requires that the Cemetery's restricted Care and Maintenance (C&M) trust funds are for the purpose of providing the Cemetery with the necessary funds to meet its care and maintenance obligations, in perpetuity. Only the interest earned on the principle from the funds may be available for use.

Contributions to the funds shall be: 40% of the purchase price of each in-ground burial lot; 15% of the sum of each private columbarium; 15% of the purchase price of a niche in a community columbarium; \$100 for the setting of each flat marker measuring 173 sq. inches or larger; \$200 for each upright memorial that is 48in or less in width or height; and \$400 for each upright memorial that is larger than 48in in width or height. Contributions to the trust funds shall be made within time frames established by the FBCSA and are non-refundable. The FBCSA additionally stipulates that C&M fees may be applied retroactively and collected for any interment rights purchased without C&M prior to 1955 and/or any marker installed without C&M prior to 1990. Please consult the FBCSA, the Cemetery's By-laws, the purchase contract or our staff for more specific details.

ABOUT PAYMENT, FINANCING AND FUNDING

Payment

Payment is due in full upon signing the contract unless otherwise agreed and detailed in writing. Payment may be made by cash, cheque, debit, E-transfer, Visa or Mastercard. Services or supplies will only be delivered or provided when the purchaser's payment is received, in full, by the operator. Should a death occur before a pre-need Interment Rights contract is paid in full, the contract must be paid in full prior to an interment taking place or installation of a memorial.

Any contract that is past due for payment, will be due in full and charged interest/late fees at a rate of 2% monthly, which is equivalent to 24% annual percentage rate (APR). Returned cheques are subject to a service fee.

When more than one purchaser signs a contract, each purchaser acknowledges they are jointly and severally liable for the total amount that becomes payable under the contract.

Financing (prearrangements only)

Payment plans are available to meet most budgets. Free financing for 12 to 48 month terms. A financing charge will apply to terms longer than 48 months. Interment Rights shall be paid in full prior to using. All services and supplies shall be paid in full prior to delivery or provision. Pre-need supplies and services may be secured on a payment plan.

Funding (prearrangements only)

When pre-paying, you pay for the service and supplies at today's prices and the paid funds will be used to pay for the contracted services and supplies when they are delivered at the time of death. Pre-paid funds are held as:

Trust: *You may pay the money directly to us and we will place it in a specific trust, where it will accrue interest until the contract is fulfilled (when the services are delivered) or the contract is cancelled.*

Guarantee

When paid in full in accordance with the payment terms set out in the prepaid contract, the prepaid contract is guaranteed. The total payment(s) made plus interest/growth earned will be applied to the future price of the services and supplies. If the total payment(s) plus interest/growth earned are insufficient to cover the total future price of the prepaid services and supplies, we will absorb the difference as a loss. Any funds in excess of the total future price of the prepaid services and supplies will be returned or applied toward additional services, supplies and disbursements purchased at the time of need, as applicable. Conditions apply. Any changes to the prepaid contract may result in the prepaid contract being null and void and a new contract being executed with current pricing at the time changes are made.

Disbursements

Disbursements are items or services provided by a third party. We arrange and pay for any such items and services on condition that the Purchaser agrees to reimburse us for any disbursements. Disbursements when prepaid are not guaranteed.

Cancellation Fees

Cancellation shall be subject to Cemetery By-laws, the FBCSA, and the terms outlined on the sales contract. See the Cemetery's By-laws and contract for more details about cancellation. Delivered or special order/custom supplies and services or packages cannot be cancelled.

Additional information about funding, payment and financing options is available upon request.
