Lakefield Cemetery & Crematorium
A quiet place in the country to commemorate the life of a loved one

What is Cemetery Planning?

Cemetery property and services can be arranged and paid for in advance.

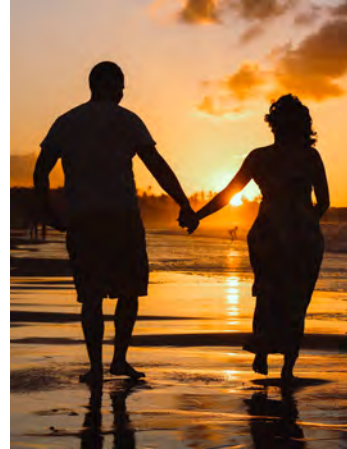

Making your cemetery arrangements in advance allows you to make informed and thoughtful decisions that reflect your personal wishes.

By preplanning you can relieve your family and friends of the future stress and burden of making difficult and costly decisions during a time of grieving.

Some benefits of preplanning:

- Advanced payments are locked in and placed in trust, so you do not have to worry about future price increases
- Interest free payment plans are available on all cemetery property and services
- You have time to assess and compare your options
- Your wishes are known to family and friends so the burden of decision making at the time of death is alleviated

Enjoy the peace of mind of knowing your arrangements are taken care of.

How to start cemetery planning?

You will be surprised to know that you can begin preplanning your cemetery arrangements in as little as four steps.

STEP 1: CHOOSE YOUR BURIAL OPTION

First consider casket burial or cremation? What suits your needs best? If you are unsure or need more information to make an informed decision Lakefield Cemetery's knowledgeable staff can provide you with the information you require to decide what option is best for you and your family.

STEP 2: SELECT YOUR FINAL RESTING PLACE

While cemetery planning you must consider whether you want your final resting place to be in ground, niche or scattering garden. You will also have to decide where in the cemetery you would like to be.

Lakefield Cemetery is a non-profit and non-denominational cemetery that was founded in 1865, over the years the cemetery has been enlarged, improved and landscaped to provide a gracious and dignified place to commemorate the life of a loved one.

Lakefield Cemetery has many options available to suit your needs. Let our friendly staff guide you on a tour of our grounds to show you the many options.

STEP 3: IDENTIFY & SELECT BURIAL SERVICES OR PRODUCTS
