### **Planting a New Tribute Sapling**

If you want to watch a tribute grow alongside your family history, you may plant a new tree. We coordinate these plantings with our long-term landscape plan. Planting a new native tree symbolizes life's continuity. As the sapling matures, it becomes a "living monument" nourished by the earth. Furthermore, our professional grounds team manages every new tree. We ensure these saplings thrive for centuries without interfering with future interments.

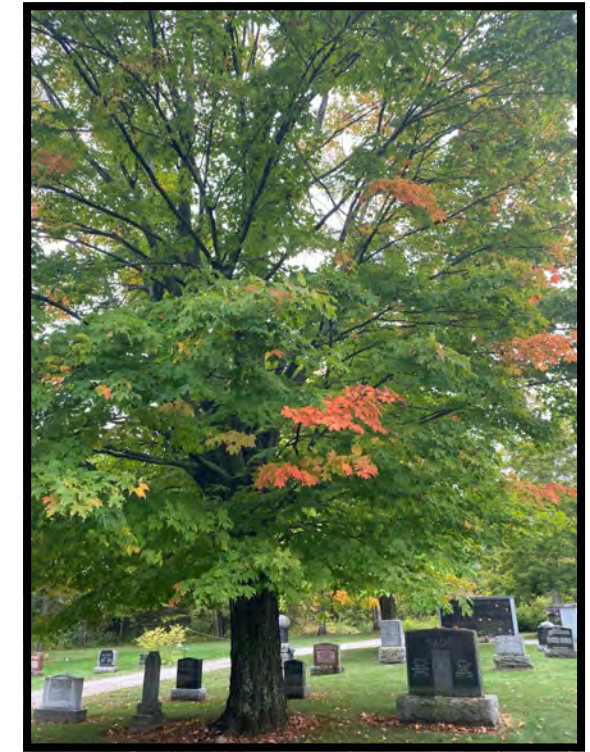

**Cost: \$1000.00 + HST=\$1300.00**

### **Explore the Memorial Walkway**

Within the tranquil Sunset Meadow section, you will find our Memorial Walkway. This path offers profound peace because it features native Canadian Maples. Specifically, we plant Sugar Maples for their spectacular autumn colors. Alternatively, we offer Red Maples for their vibrant buds and year-round color. Because these trees are native to Ontario, they thrive in our local climate.

**Cost: \$500.00 + HST=\$565.00**

### **Dedicating a Historical Mature Tree**

Perhaps you wish to honour a loved one with the strength of an established tree. Therefore, we offer a historical selection of mature trees located throughout the cemetery grounds. By choosing an existing Memorial Tree Dedication in Lakefield Cemetery, you select a landmark that already provides a soaring canopy. This choice offers immediate shade and a sense of permanent history. In addition, our team installs a stately plaque to mark your dedicated tree.

**Cost: \$700.00 + HST=\$791.00**
